## A place or an era?

You could be forgiven for thinking that some of Victoria's laws are still in the Victorian *era*, not in our modern State of Victoria.

It is illegal for doctors to help a terminally- or hopelessly-ill patient with profound suffering to die in a manner and a time of their own choosing, with dignity and the involvement of loved ones. (And, of course, appropriate safeguards.)

Support Dying With Dignity Victoria's charter for law reform. Visit [www.dwdv.org.au](http://www.dwdv.org.au) today to learn how you can help.
